No. 365—A BY-LAW

To raise by way of loan the sum of eight hundred dollars, for the purpose of purchasing a school site and erecting a school house in Union School Section Number Five, Raleigh and Tilbury East.

PASSED 28th April, 1881.

WHEREAS the Public School Trustees of Union School Section Number Five, in the Townships of Raleigh and Tilbury East have petitioned the Municipal Council of the said Township of Raleigh, to raise by way of loan the sum of Eight Hundred Dollars repayable by annual instalments during the term of five years, at the rate of six per cent. per annum, for the purpose of purchasing a site and erecting a school house thereon, required in and for the said school section.

And Whereas the total amount required to be raised annually by special rate for the payment of the debt and interest under the terms of this By-Law is the sum of One Hundred and Eighty-nine dollars 92c; And whereas the value of the whole real property rateable under this By-Law in the Townships of Raleigh and Tilbury East, respectively, is the aggregate sum of sixty-seven thousand one hundred and seventy-eight dollars, according to the last revised assessment rolls of the said Townships; And whereas the said school section has no existing debt; And whereas the said debt is created on the security of the special rate aforesaid, and on that security only; And whereas the Council are of opinion that the creation of the said debt is necessary and expedient. Be it therefore enacted by the Municipal Council of the Corporation of the Township of Raleigh in Council assembled, under and by virtue of the Acts Cap. 174 and Cap. 204, Revised Statutes of Ontario and the amendments thereto.

1st. That it may be lawful for the Reeve of the said Township of Raleigh to borrow the sum of eight hundred dollars on the credit of the Corporation of the said Township of Raleigh, and may issue debentures of the Corporation to that amount, in sums of not less than one hundred dollars each, and payable within five years from the date thereof with interest at the rate of six per cent. per annum, said debentures to be dated the Second day of May, A. D. 1881, and to be payable at the Canadian Bank of Commerce, in the Town of Chatham, and to have attached to them coupons for the payment of interest annually.

2nd. That for the purpose of paying the said sum of eight hundred dollars and to cover interest thereon, at the rate of six per cent. per annum, for the term of five years in equal annual payments a specific sum of one hundred and eighty-nine dollars 92c., shall be raised, levied and collected in addition to all other rates upon all the real property rateable under this By-Law, in each and every year during which the said debentures have to run.

3rd. That this By-Law shall take effect and come into force on the Second day of May, A. D. 1881, being the same day on which the said debentures are to be dated.

No. 370—A BY-LAW

To provide for draining parts of the Township of Raleigh by the construction of the Dyke Drain, and for borrowing on the credit of the Municipality the sum of \$723.20, for completing the same.

Provisionally adopted 27th July, 1881.

WHEREAS a majority of the owners as shown by the last revised assessment roll to be resident on the property hereinafter set forth to be benefitted by the construction of the Dyke Drain, have petitioned the Council of the said Township, praying that a drain be constructed to drain the following Lots and parts of Lots, and that the same be assessed therefor, viz : Nw hf 7, Lots 8, 9, 10, 11, Con. 4 ; Se hf a 7, 8, 9, 10, 11, Con. 5 ; And whereas thereupon the said Council procured an examination to be made by A. McDonnell, P. L. S., being a person competent for such purpose, of the locality proposed to be drained by the construction of said drain ; and has also procured plans and estimates of the work to be made by the said A. McDonnell, and an assessment to be made by him of the real property to be benefitted by the construction of said drain, stating as nearly as he can, the proportion of benefit which, in his opinion, will be derived in consequence of such drainage works by every road and Lot and part of Lot ; the said assessment so made and the report of A. McDonnell, being as follows :—

"In accordance with instructions received from the Clerk of your Municipality, I surveyed the Dyke Drain in your Township, also made an estimate of the cost of constructing said drain, and an assessment on lands and roads benefitted thereby, and report thereon as follows :—I commenced said drain on south side of the allowance for road between 5th and 6th cons. of Raleigh, and at the line between lots 11 and 12, Con. 6, then followed the south side of said road allowance southwest to the Government Drain, on west side of 6th and 7th side road, a distance of one 86-100 miles, and I find the bottom of said Government Drain to be five feet and six inches below the surface of the land at the head of the proposed Drain. The road as at present constructed in part of the above described distance is very winding and should be straightened. The section stakes are placed in a direct line in the centre of the drain, and the drain should be constructed according to said stakes. The estimated cost for constructing a drain of six feet bottom, in the distance above described, with cutting as shown in the section of said drain—side slopes one to one—grading road the length of drain, clearing stumps and timber from the road at head of drain, constructing two culverts, one on the centre road and the other across the con. of the line across 8 and 9 (all other culverts on the line to be closed up) and filling up some four rods of the present ditch on the road above the proposed drain, to prevent the water of the Raleigh Plains Drain from following westward into the contemplated drain, including all incidental expenses is \$1154, which I assessed on lands and roads benefitted as per annexed schedule of assessment; said drain to be maintained at the joint expense of the lands and roads interested, in the proportion of, and according to said assessment.

(Signed), A. McDONNELL, C. E."

And Whereas the said Council are of opinion that the drainage of the locality described is desirable.

BE IT THEREFORE ENACTED by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of an Act of the Legislature of Ontario, Cap. 174, R. S. O. and amendments thereto.

1st. That the said report, plans and estimates be adopted, and the said drain and the work connected therewith, be made and constructed in accordance therewith.

2nd. That the Reeve of the said Township may borrow on the credit of the Corporation of the said Township of Raleigh, the sum of seven hundred and twenty-three 20-100 dollars, being four-fifths of the funds necessary for the work, and may issue debentures of the Corporation to that amount in sums of not less than one hundred

No. 371—A BY-LAW

To provide for draining parts of the Township of Raleigh, by the construction of the Carter Drain, and for borrowing on the credit of the Municipality, the sum of \$3312 for completing the same.

Provisionally adopted 27th July, 1881. Finally passed 9th September, 1881.

WHEREAS a majority of the owners as shewn by the last revised assessment roll to be resident on the property hereinafter set forth to be benefitted by the construction of the Carter Drain, have petitioned the Council of the said Township of Raleigh, praying that a drain be constructed to drain the following Lots or parts of Lots, and that the same be assessed therefor, viz.: Sw hf 7 and ne hf and w qr 6, Con. 11; Nw hf s 8, 9 and 10, Lot 7, se hf 6, Con. 10; Lots 8, 9, 10 and ne hf 7, Con. 9; Nw hf 12, Lots 10 and 11, se hf s 8 and 9, Con. 8; Se hf 12, Con. A; also a branch thereof to drain the nw pts of Lots 7 and 8, Con. 11; and se hf s 7 and 8, con. 10. And whereas the said Council procured an examination to be made by W. G. McGeorge, P. L. S., being a person competent for such purpose, of the locality proposed to be drained by the deepening and widening of the said creek, and has also procured plans and estimates of the work made by the said W. G. McGeorge, and an assessment made by him of the real property to be benefitted by the deepening and widening of the said Carter drain, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of the deepening and widening of the said creek, by every road and lot, or portion of lot—the said assessment so made, and the report of the said Wm. G. McGeorge in respect thereof, being as follows, viz.:

"I beg to report that I have made a survey of the proposed drain to be known as the Carter Drain. It commences at the centre of the 11th concession in what is known as Graham's Creek, and follows said creek severally through Lot No. 6, Con. 11, and Lots 6, 7 and 8, Con. 10; and Lots 8, 9 and 10, Con. 9; and Lots 10, 11 and 12, Con. 8; and Lot 12 in Gore A and has its outlet in Government Drain number One. It will benefit the lands and roads in its vicinity, and afford an outlet for the water on lands at some distance from the drain. I estimate the total cost of the drain at \$4940.25 (dollars). This sum I assess as in the annexed schedule of assessment against the lands and roads benefitted. The drain when completed to be kept in repair and maintained at the expense of the lands and roads assessed for its construction, said lands and roads paying in the same relative proportion as for construction. (Signed) W. G. McGEORGE."

And whereas the said Council are of opinion that the drainage of the locality described is desirable.

BE IT THEREFORE ENACTED by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of Chap. 174, Revised Statutes of Ontario and amendments thereto.

1st. That the said report, plans and estimates be adopted, and the said drain and the works connected therewith be made and constructed in accordance therewith.

2nd. That the Reeve of the said Township may borrow on the credit of the Corporation of the said Township of Raleigh, the sum of three thousand three hundred and twelve dollars, being four-fifths of the funds necessary for the work, and may issue debentures of the Corporation to that amount in sums of not less than one hundred dollars each, and payable within four years and three months from the date thereof, with interest at the rate of five per cent. per annum; that is to say in four equal payments of eight hundred and twenty-eight dollars; such debentures to be payable at the Canadian Bank of Commerce, in the Town of Chatham, and to have attached to them coupons for the payment of interest.

3rd. That for the purpose of paying the sum of four thousand nine hundred and forty 25-100 dollars, being the amount charged against the said lands so to be benefitted as aforesaid, other than roads belonging to the Municipality, and to cover interest thereon for four years and three months at the rate of five per cent. per annum, the following special rates over and above all other rates shall be assessed and levied (in the same manner and at the same time as taxes are levied) upon the undermentioned lots and parts of lots, and the Canada Southern Railway, and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively, shall be divided into five equal parts, and one such part shall be assessed and levied as aforesaid in each year, for five years after the first passing of this By-Law, during which the said debentures have to run.

No. 372--A BY-LAW

To provide for draining parts of the Township of Raleigh by the construction of the Kersey Drain, and for borrowing on the credit of the Municipality the sum of \$3,615.20, for completing the same.

PROVISIONALLY ADOPTED the 30th day of July, 1881.

WHEREAS a majority in number of the owners as shown by the last revised Assessment Roll to be resident on the property hereinafter set forth to be benefitted by the construction of the Kersey Drain, have petitioned the Council of the said Township of Raleigh, praying that a drain be constructed to drain the following lots or parts of lots, and that the same be assessed therefor, viz.:—Lots 5 and 6, Con. 9; E quar. 5, SE half 6, Lots 7 and 8, Con. 8; Lots 6, 7, 8, 9, Con. A; Lots 8 and 9, Con. 7.

And Whereas thereupon the said Council procured an examination to be made by A. McDonnell, P. L. S., being a person competent for such purpose, of the said locality proposed to be drained by the construction of said Drain, and has also procured plans and estimates of the work to be made by the said A. McDonnell, and an assessment to be made by him of the real property to be benefitted by the construction of said Drain, stating, as nearly as he can, the proportion of benefit which in his opinion will be derived in consequence of such Drainage works, by every Road and Lot or portion of Lot; the said Assessment so made and the report of the said A. McDonnell in respect thereof, and of the said Drainage works being as follows:—

"In accordance with a resolution passed on the 23rd of June by your Honorable Body, entertaining the petition for the Kersey Drain, and referring the same to me for survey, &c., I beg to say that I made the survey of the said drain with estimates of the cost thereof, and an assessment to provide the necessary funds for its construction, and report thereon as follows, viz.: I commenced the said drain at the mouth of the Gilhula Drain in Lot 5 of the 9th Concession, and followed the general course of the swale or depression through which the water flows, northerly through Lots 6 and 7, in the 8th Concession, and through Lot 8 in Gore A, thence into Lot 9 in the 7th Concession, to No. 2 Government Drain, in front of the 7th Concession—a distance of three miles and seventy-three hundredths of a mile; and in that distance I find a fall of seventeen feet and nine inches; that is from the bottom of the Gilhula Drain to the bottom of the Government Drain. I find that an immense volume of water is brought down upon the lands proposed to be drained by the Kersey Drain, by the Gilhula, King and Snell Drains and various other minor drains from lands to the south as far as the 14th Concession, thereby greatly injuring the lands proposed to be drained by the Kersey Drain by such waters being brought down and caused to flow thereon, consequently the lands and roads from which such waters are brought down, to the injury of lower lands, are liable to be assessed for the construction and maintenance of such drain or drains as may be necessary for conveying from such lower lands the waters so caused to flow upon and injure the same by virtue of the Statute, 44 Vic. Chap. 24, Sec. 22. The estimated cost for constructing a drain in the course described of eight feet bottom, side slopes one to one—cuttings as shown on the section of the Drain, constructing four bridges on the roads crossed by it, grading the road where any part of the drain follows it, including all incidental expenses, \$5,040, which I assessed on lands and roads as per annexed schedule of assessment. This drain should have been extended south to the line of the 9th and 10th Concessions, as a flagrant wrong has been done to the owner of the south half of Lot 5 in the 9th Concession, by leaving the mouth of the Gilhula drain in the condition in which it was left. I also determine and report to your Honorable Body that the proposed drain shall be maintained at the joint expense of the parties immediately interested in said parcels of land as assessed as per annexed schedule of assessment, and of the municipality whose roads are assessed as per annexed schedule in proportion of and according to such assessment.

(Signed), A. McDONNELL, C. E."

And Whereas the said Council are of opinion that the drainage of the locality described is desirable:—

BE IT THEREFORE ENACTED by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of Chap. 174, R. S. O. and amendments thereto.

1st. That the said report, plans and estimates be adopted, and the said drain and works connected therewith, be made and constructed in accordance therewith.

2nd. That the Reeve of the said Township may borrow on the credit of the Corporation of the said Township of Raleigh the sum of three thousand four hundred and eighty-five 60-100 dollars, being four-fifths of the funds necessary for the work, and may issue debentures of the Corporation to that amount in sums of not less than one hundred dollars each, and payable within four years and three months from the date thereof, with interest at the rate of five per cent. per annum: That is to say in four equal annual payments of eight hundred and seventy-one 40 100 dollars each, such debentures to be payable at the Canadian Bank of Commerce in the Town of Chatham, and to have attached to them coupons for the payment of interest.

3rd. That for the purpose of paying the sum of four thousand three hundred and fifty-seven dollars, being the amount charged against the said lands so to be benefited as aforesaid, other than reads belonging to the Municipality, and to cover interest thereon for five years at the rate of five per cent. per annum, the following special rates, over and above all other rates, shall be assessed and levied (in the same manner and at the same time as taxes are levied), upon the undermentioned Lots and parts of Lots and the Canada Southern Railway: and the amount of the said special rates and interest assessed as aforesaid against each Lot or part of Lot respectively shall be divided into five equal parts, and one such part shall be assessed and levied as aforesaid in each year for five years, after the final passing of this By-law, during which the said debentures have to run.

No. 373—A BY-LAW

To provide for the deepening and repair of No. One Government Drain in the Township of Raleigh.

Passed 9th September, 1881.

WHEREAS Edward Lee and others have petitioned the Council of the said Township of Raleigh, praying that the Drain known as Government Drain number One be deepened and cleaned out to its original dimensions, as provided for by Cap. 33, sec. 30, Revised Statutes of Ontario.

And whereas thereupon the said Council procured an examination to be made by A. McDonnell, P. L. S., being a person competent for such purpose, of the said locality proposed to be drained by the construction of said drain; and has also procured plans and estimates of the work to be made by the said A. McDonnell, and an assessment to be made by him of the real property to be benefitted by the construction of said drain, stating as nearly as he can, the proportion of benefit which, in his opinion, will be derived in consequence of such drainage works by every road and Lot and portion of Lot; the said assessment so made and the report of the said A. McDonnell in respect thereof, and of the said drainage works, being as follows:—

"In accordance with instructions received from the Clerk of your Municipality, I made a survey and estimate of the required improvement on the north part of No. 1 Government Drain, in the Township of Raleigh, and report thereon as follows:—I find that part of No. 1 Government Drain from the mouth of the Carter Drain in Concession A, to the mouth of the Doyle Drain in Concession 7, a distance of twenty eight hundred feet, to be very much obstructed by the caving in of the banks, and the estimated cost of repairing said drain with a bottom width ten feet and cuttings as shown on the Section thereof is \$128.00. Again, from the north side of the Raleigh Plains drain to the Railway Crossing is obstructed in a similar manner to the first described part, and the estimated cost for repairing it with a bottom width of fourteen feet, with cuttings as shown in the Section thereof is \$292.00.

(Signed), A. McDONNELL, C. E."

And Whereas the said Council are of opinion that the drainage of the locality described is desirable.

BE IT THEREFORE ENACTED by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of Chapter 33, Revised Statutes of Ontario.

1st. That the said report, plans and estimates be adopted, and the said drain and the work connected therewith, be made and constructed in accordance therewith.

2nd. That for the purpose of paying the sum of four hundred and twenty dollars, being the funds necessary for the work, a special rate of fifteen cents calculated upon the annual rent charge payable for the original construction of the said drain, over and above all other rates shall be assessed and levied (in the same manner and at the same time as taxes are levied) upon all the lots or parts of lots and roads assessed for the original construction of the said drain, as shown by and provided for in the said original report and assessment as registered in the Registry Office of the County of Kent, in the Town of Chatham.

3rd. That the Commissioner of R. R. Division No. 1 be hereby appointed Commissioner to let the contract for repairing the said drain and the works connected therewith, by public sale to the lowest bidder (not exceeding the estimate), but every such contractor with one good and satisfactory surety, shall be required forthwith to enter into bonds for the due performance and completion of his contract according to said plans and specifications, and within the time mentioned in such bond, unless otherwise ordered by the Council; and it shall be the duty of the said Commissioner to cause said drain and works connected therewith to be made and constructed in accordance with such plans and specifications, and to grant orders on the Treasurer to each contractor, less twenty per cent. of the amount due, until the contract is fully completed and duly accepted by the engineer laying out the work; and for the due performance of these and all duties of Commissioner, the said Commissioner shall be entitled to receive a sum of fifty dollars.
